

Press release from the Health Professionals Council, 24-11-2023

**Accreditation certificates of 15 categories of health professionals
made available in electronic format**

To align with the development of e-governance and to enhance the convenience of health professionals in demonstrating their accreditation status, the Health Professionals Council will integrate the accreditation certificates into the e-wallet of the “Macao One Account” app. Starting from 24th November 2023, the 15 categories of health professionals governed by Law No. 18/2020 – “Regime of Qualification and Registration of Health Professionals” can add their accreditation certificates to the “Macao One Account” with just one click in the app’s “E-wallet” – “My cards”– “Professional” feature. This electronic version has the same legal effect as the physical document and will enable health professionals to show their accreditation anytime, anywhere.
